

# CHRISTMAS RECYCLING

## Christmas Trees

If your property is on a garden waste collection round please put your Christmas tree at the edge of your property by 7am on your "green" collection day. You do not need a green wheeled bin just put your tree out on the correct day between 4 January and 29 January 2010.

No trees over 5ft please. If your tree is taller than this please chop it accordingly before placing it out for collection.

If your property is not on a garden waste collection round take your tree to the nearest civic amenity site or try your local DIY retailer or garden centre to see if they are running tree recycling schemes.

**For further details please contact the Environment  
Hotline on 01629 761215 or visit the Council's
