

#### Parent Partnership

Parents who take on a supportive role in their child's learning make a difference in improving achievement and behaviour. The active involvement of parents in the life of a school can help promote a learning community in which pupils can engage positively with school staff and their peers. Engaging with parents ensures an understanding of the role that you play in your child's learning and development. This year as part of our School Development Plan we're really looking to develop and strengthen the home/school relationship by inviting you to several workshops across the school throughout the term. We will try to vary the times and days but understand not everyone will be able to attend. However, any notes or advice booklets can be obtained from school after the event.

#### Stay and Play

Our first such parent session is 'Stay & Play' for the New Starters in Reception. Miss Pendrigh and Mrs Wilkinson will demonstrate how we facilitate learning in and out of the classroom for our younger children, as well as offering phonic advice and guidance. This is the first of several sessions to be staggered across the autumn term - Friday 30th September straight after drop off 8.45am until 10.30am, younger siblings are welcome to stay too.

#### Olympic 2012

You can't help to have noticed that London is getting ready for the 2012 Olympics. In school, as part of our curriculum we are studying the Greeks as well as celebrating and enjoying all that sport has to offer. This week we had a very special visitor a Taekwondo Champion and potential Team GB member Imtiaz Nadir.

Imtiaz really put the children through their paces with plenty of exercises that really tested the children's stamina and fitness levels. The sponsor money raised is split between the Sports 4 All and school. Thank you for your generosity.
